

* Sample Buisness Requirment Document template

Problem :- Bad reviews happen it's unfortunate but its so They can ~~not~~ occur for nearly infinite reasons and they are the bane of every Hotel manager's existance.

* Executive Summary Snapshot.

- 1) We need to developed Website for Hotel is Reaching to Customers
- 2) there are many Customer so every Customer is Not able to visit Hotel for this problem we need to developed Website than we found Customer.
- 3) this Website use for many purposes like Hotel advertisement, Hotel Rating, Publycity etc
- 4) for using Website Customer Understand whole detail of Hotel
- 5) it help to Satisfying Customer.

* Project description :-

- 1) the purpose of the making website is attraction of customer.
- 2) Measuring guest satisfaction in Hotels isn't rocket science. All you need to look at is your Hotel's reviews and Rating.
- 3) The single most important thing is to make customer happy.

* Why need to take this project :-

We need to take this project because we have low guest for getting more guest we developed a website, because of website Hotel reach to customer.

* Project Scope :-

Project goals :- the main goal of project is attract the customer in our Hotel.

Task :- Make customer happy and satisfying as a side effect they will be happy to open up their wallets and pay you.

* Cost :-

The cost of the project is depends upon what things we include in our website like photos, videos etc

The approximately cost of project is 50,000 to 70,000 thousand because while adding whole detail of Hotel in website.

* Deadlines :-

At the end of seeing all detail of project we analyse the data and think to how many times is required to make website contact with team members discuss with them and give the perfect deadline to customer.
